## **APPLICATIONS FILED FOR ASSIGNMENT AND TRANSFER OF CONTROL BY INTELSAT S.A., AS DEBTOR-IN-POSSESSION**

### **Pleading Cycle Established**

**IB Docket No. 21-375**

**Comments Due: October 25, 2021**

**Reply Comments Due: November 4, 2021**

By this Public Notice, the International Bureau, Wireless Telecommunications Bureau, and Office of Engineering and Technology seek comment from interested parties on applications filed by Intelsat S.A., as debtor-in-possession (Intelsat DIP), and New TopCo S.A. (New Intelsat) (together, the Applicants),<sup>1</sup> pursuant to sections 214 and 310(d) of the Communications Act of 1934, as amended,<sup>2</sup> for Commission consent to the assignment and transfer of control of authorizations that would occur under a planned reorganization of Intelsat DIP and its emergence from Chapter 11 bankruptcy.

Intelsat DIP is one of the world's largest satellite-service providers.<sup>3</sup> It offers voice, video, and data services to customers including media companies, Internet service providers, and the U.S. government using its network of satellites, earth stations, and other connectivity infrastructure.<sup>4</sup>

On May 13, 2020, Intelsat DIP and several of its subsidiaries, including Commission license holders, commenced voluntary cases under Chapter 11 of the U.S. Bankruptcy Code.<sup>5</sup> On August 24, 2021, Intelsat DIP filed a plan of restructuring with the bankruptcy court.<sup>6</sup> The restructuring plan would repay secured debt obligations using a new financing facility and convert approximately \$8 billion of unsecured funded debt to equity interests, leaving approximately \$7.125 billion of funded debt and a revolving credit facility with up to \$500 million of availability.<sup>7</sup>

<sup>1</sup> See Application for Assignment of Authorizations held by Intelsat License, as debtor-in-possession, Narrative, IBFS File No. SAT-ASG-20210826-00117 (filed Aug. 26, 2021) (Application). The full list of applications subject to this Public Notice is set forth in the Attachment.

<sup>2</sup> See 47 U.S.C. §§ 214, 310(d); see also 47 CFR §§ 1.948(c), 5.79, 25.119, 25.137(g), 63.24.

Intelsat DIP plans to emerge from bankruptcy with a new ultimate parent company, New Intelsat, a Luxembourg company that would be privately held by the creditors receiving equity in New Intelsat as a result of the restructuring plan.<sup>8</sup> Pacific Investment Management Company LLC (PIMCO), a Delaware limited liability company serving as the investment advisor for its managed funds, would indirectly hold approximately 32.8% of the voting and equity interests in New Intelsat.<sup>9</sup> The ultimate parent of PIMCO is Allianz SE, a German company.<sup>10</sup> Other than companies in the PIMCO ownership chain, the Applicants expect that no other shareholder would directly or indirectly hold 10% or more of the voting or equity interests in New Intelsat.<sup>11</sup>

The Applicants argue that grant of the Application would serve the public interest, convenience, and necessity.<sup>12</sup> They assert that grant would not violate any statute or Commission rule, would not result in competitive harm, and would not raise issues in the areas of national security, law enforcement, foreign policy, or trade policy.<sup>13</sup> The Applicants contend that grant would provide New Intelsat with a new capital structure that would help reduce its debt and allow for continued service to customers.<sup>14</sup>

Referral to Executive Branch Agencies. Through this Public Notice, pursuant to Commission practice, the applications set out in the Attachment are being referred to the relevant Executive Branch agencies for their views on any national security, law enforcement, foreign policy, or trade policy concerns related to the foreign ownership of the Applicants.<sup>15</sup>

### GENERAL INFORMATION

The applications identified herein have been found, upon initial review, to be acceptable for filing. The Commission reserves the right to return any application if, upon further examination, it is determined to be defective and not in conformance with the Commission's rules and policies.

Interested parties may file comments **on or before October 25, 2021**, and reply comments **on or before November 4, 2021**. Comments may be filed in the docket using the Commission's Electronic Comment Filing System (ECFS) or by paper.

To allow the Commission to consider fully all substantive issues regarding the application in as timely and efficient a manner as possible, petitioners and commenters should raise all issues in their initial filings. New issues may not be raised in responses or replies.<sup>17</sup> A party or interested person seeking to raise a new issue after the pleading cycle has closed must show good cause why it was not possible for it to have raised the issue previously. Submissions after the pleading cycle has closed that seek to raise new issues based on new facts or newly discovered facts should be filed within 15 days after such facts are discovered. Absent such a showing of good cause, any issues not timely raised may be disregarded by the Commission.
